

PAINT MECHANISM

Product code: 450-00000

The **Zaxe** Paint Mechanism is designed to help locate sows in loose house pens. It allows farm managers to be more effective in identifying sows that require special attention in large pens.

Easy, quick and tool-less replacement of spray marking paint.

- The Zaxe Paint Mechanism is designed to be used with Raidex aerosol marking paint.

- 12 vdc solenoid

- 400 ml (13.3 oz) Raidex aerosol marking spray paint
